

Walk Through Metal Detector (Body temperature measure)

Model: PS-300

Walk through metal detector PS-300 with Body temperature measure Function, two sensors built on door panels for different high passengers. Sound and led alarm for metals and high temperature people. PS-300 walk through scanner adopts advanced DSP technology, auto calibration and self-testing, multi-zones alarm and five-bit count, it can work indoor and outdoor. The human body temperature measure result will display on panel accurately.

Main Characteristic

- 18 zones setting freely, multi-zones detection alarm separately
- LED digital display with function press keys, 5-bit count on control box
- It is able to detect ferrous and non-ferrous metals
- 1-25s alarm time, 10 level volume and 16 tones for choose
- Automatically count passengers and alarm times
- Self-diagnostic procedures and calibration
- DSP digital technology, Sound alarm, volume adjustable
- Modular structure is easy to do after sales service.
- Harmless to pregnant woman and heart pacemaker
- Tamper-proof, operate program is protected by password
- Password protection for preventing parameter program changed
- ,No-touch body temperature infrared measure technology
- Temperature accuracy: Imported IR sensor $\pm 0.1^{\circ}$ C
- Body temperature measured through forehead/wrist/palm
- 10-30cm detection distance between human and sensor,
- Display way is pass count auto and test result display, body high temperature alarm.
- Led alarm bars built in front of door panels that is for accurate detection and alarm display
- Two sensors built on door panels for different high passengers measure .

Technical Specification

Electric current	AC210-240V,50/60Hz
Power consumption	Max 15W
Working temperature	-20°C to 60°C
Outer frame size	2200mm x 820mm x 460mm
Inner frame size	2000mm x 700mm x 450mm
Control box package size	2250mm * 650mm * 220mm
Door panel package size	752mm * 405mm * 251mm
Gross weight	65 Kg

Applications

Airport

Government office

Bank

Exhibition Center

Hotel

National Prison

Shopping Mall

Train Station

Hospital
